

SUPPORTED INDEPENDENT LIVING

If you're looking for independent living options or supported accommodation, our dedicated staff can help find the option which suits you or your family member.

We have extensive experience supporting people with disability live independently in our community.

We own or lease 15 homes in Echuca and Moama where between 1 and 5 people are supported to live. In our homes you will have your own bedroom and share the:

- Kitchen
- Bathroom
- Lounge room or living areas
- Outdoor areas

Our homes may suit you if you need extra support and assistance to live in the community. Staff support is available 24 hours a day seven days a week. We are committed to creating more homes like these and are currently building our Moama Opening Doors Project, a 3 bedroom home and 2 units in Moama.

NDIS funding can be used to pay for the staff support that you receive to live in one of our homes. Rent and board costs are additional and will be discussed with you.

If you are interested in living in one of our homes or our Opening Doors Project contact us today.
