SPECIALIST DISABILITY ACCOMMODATION (SDA)

Designed, built and managed by Community Living & Respite Services

Community Living & Respite services is proud to be building homes for people with disability. Our homes are designed to provide 24 hour on-site support for 3 – 4 people, and our independent living units are suitable for 1 -2 people who require support throughout the day or evening.

Our homes and units are specifically designed to maximise independence for people with disability, are centrally located, close to public transport and community facilities. Our units include automation to allow greater control over the home environment.

Our Opening Doors Projects are compliant with the SDA design categories of “Robust” or “High Physical Support” with most built to Platinum Levels of Livable Housing Standards.
