

## Direct Support Professional – Daily Living

Community Living & Respite Services is recruiting to Direct Support Professionals (DSPs) to assist in providing direct support to members of our community to continue living independently.

In line with our core values, Daily Living DSPs provide in-home support to our clients living independently as well as support out and about in the community to promote inclusiveness, independence, develop skills and assist in reaching personal goals. Our participants seek our support with shopping, cleaning, cooking, general household management, personal care, mobility and manual assistance, transportation and support to participate in their daily living activities.

DSPs are expected to work a minimum of **X** Hours per fortnight including weekdays and weekends across varying support needs including but not limited to the above-mentioned tasks. Supports are coordinated by our Daily Living leadership team at the request of our clients and their support network to enable people to live their best life.

The Daily Living leadership team provide support, training and induction to all DSPs to enable our support staff to feel confident and familiar with clients when undertaking supports.
