

# SPECIALIST DISABILITY ACCOMMODATION (SDA)

CLRS is registered with the National Disability Insurance Agency (NDIA) to provide SDA Housing.

We have 11 homes in Echuca and Moama that are registered as Specialist Disability Accommodation homes, where between 1 and 5 people are supported to live.

We understand that people with disability value having a home of their own, and recognise that developing and maintaining independence and choice and control is important.

Our SDA homes are built to a standard which meets your needs if you require extra support and assistance to live in the community. Staff support is available 24 hours a day seven days a week in these homes.

We are committed to building more homes to the highest SDA standard and are currently building our Moama Opening Doors Project, a 3 bedroom home and 2 units in Moama.

In order to have SDA funding in your NDIS plan you need to undergo an SDA assessment. We can support you to find a provider who will complete this for you.

If you are interested in living in one of our SDA homes or our Opening Doors Project, or you would like to know more about SDA contact us today.
